Rukhsar Qalandarzada

Aspiring Web Developer

Email	rqnbk123@gmail.com	**Phone**	0797199476
Address	Qalai Mousa, Kabul, Afghanistan	**Date of Birth**	21 April 2005

PROFILE

Motivated web development learner interested in creating modern, responsive, and user-friendly websites. Enjoys learning new technologies, solving problems, and turning ideas into practical digital experiences. Seeking opportunities to continue developing technical skills through hands-on projects and collaboration.

TECHNICAL SKILLS

Front-end: HTML5, CSS3, JavaScript, React (learning and practicing)

Other strengths: Responsive design, UI styling, creative thinking, problem solving, teamwork

PROJECT EXPERIENCE

MyPatientHUB — Healthcare Website Project

Collaborated on a healthcare portal concept with pages and interfaces for finding doctors, clinics and pharmacies, a dashboard, and appointment-related features. Practiced building interactive user interfaces with React and CSS.

Personal Portfolio Website

Created a responsive portfolio to introduce web development interests, display skills and projects, and provide a contact section for visitors.

LANGUAGES

Dari — Fluent/native language | English — Used in communication | Pashto — Basic | German — Basic

PERSONAL STRENGTHS
